ABOUT THE GOLD STAR GARDEN

The Gold Star Garden is a living monument dedicated to remembering the fallen while celebrating their lives. The garden features a series of meditative spaces that reflect the core values and character traits common to all members of the U.S. Armed Forces.

Color-coordinated spaces around the Central Plaza of Honor represent the core values and characteristics found in those who serve in the U.S. Armed Forces. In these areas, different flowers represent each color.

COMMEMORATE YOUR LOVED ONE WITH A MEMORIAL GIFT
